

## Meat Dealers In Area Hail Truman's Act

(From Page One)  
Independent Packing company, said that the removal of price controls on meat would mean that housewives here would have plenty but that "for a while anyway it will cost a little more." He said that his firm was going back to the meat prices effective during the interim period after July 1 when price controls were removed.

Removal of price controls will eliminate the subsidy payments to packers which will mean that the slaughtering quota will not be enforceable, he said. Under the quota system Twin Falls packers had been limited to 50 per cent of their previous slaughtering quota.

Chris Callen, part-owner of the Twin Falls Livestock commission company, said that he thought that removal of meat price control would "stockmen a lot more confidence."

"I don't know as it will mean a bigger run of cattle at the sale (weekly livestock auction held in Twin Falls), he declared. "I think they will come in more freely, but they will not come in as freely as they think prices will rise," Callen explained.

Some prices went down back when they took controls off before, he recalled.

"I don't believe removal of ceilings will mean a sudden increase in numbers of head cattle thrown on the market," maintained Jack P. Smith, county agent. "Most of the cattle which would normally be sold now were marketed when price controls were off before, during July and August."

Smith said that "this is the time of the year when cattle go into feed lots."

## Portland Rites For Mrs. Herriott

Funeral services for Mrs. Lulu Herriott, pioneer Twin Falls resident and property holder, will be held at Finley's funeral chapel, Sixth and Monticourt streets, Portland, at 2:30 p. m. Thursday. Information concerning funeral arrangements was received Tuesday by Frank L. Stephan, Mrs. Herriott's attorney. Burial will be in Riverview cemetery.

Mrs. Herriott died Oct. 10 in Los Angeles. Her husband, George Herriott, died in 1921.

The Herriott property holdings here include about 15 lots of the original tract north of what is now known as the Blue Lake addition, the home at 752 Addison avenue, the Herriott building now occupied by the C. C. Anderson store and the adjacent parking lot.

The Herriotts have only one living heir, the former lawyer's sister who resides "somewhere in the east," according to Stephan.

## Lunch Money at Richfield Stolen

RICHFIELD, Oct. 15—Someone was hard up for money in Richfield and not concerned about the method of obtaining it. Suni, Afton Johnson, discovered Monday morning when he found the school house had been broken into and about \$20 in cash and lunch money stolen from teachers' desks.

Sherrill Earl Clayton, Shoshone, who was here investigating Monday afternoon, stated that entrance probably was gained through a coal chute which he found open.

All seven of the teachers' desks were broken into and six of the padlocks taken. However, neither the school safe nor the office was broken into.

It was thought that the burglary occurred Friday night and since one was at the school during the week-end, the theft was not discovered until Monday morning.

## Rain Stops Work So He Enlists in Army

The recent rainy spell netted the army its latest one recruitment. Notification has been received that Thomas Noland, 32, Forest City, Mo., has been accepted for service. He is to work in the harvest, Noland signed up again when the rain drove him from the fields into Twin Falls where rains are scarce and living conditions are what a non-working man can afford.

Noland earned three battle stars in the numerous operations and operations and earned three years in the ordnance department.

## Robins Urges Stand on CVA By Williams

HAILEY, Oct. 15.—"I say it is time for my opponent, Gov. Arnold Williams, to state on which side of the Columbia valley authority he favors," Republican nominee for governor, at a 250-person GOP rally here Tuesday night.

"Although I have fellow travelers here, I am not a CVA," declared Dr. Robins. "Williams has been strangely silent."

"Wherever my opponent goes, he sees what the people there want in the way of highway improvements to give it to them right away."

Road Rally

He asserted that "while we were told that we could not build roads in the way years due to the lack of materials, Caltrans and overhead expenses have been as great as they were when roads were being constructed."

"I think that labor should be represented in the state government," said Dr. Robins. "Labor should be freed of all political influences and all communistic influences should be weeded out."

"There must be a policy of give and take, a standard of voluntary arbitration of differences rather than federal domination."

Keep Nose Out

"The federal government should have kept its nose out of labor difficulties," he declared.

Referring to the national scene, Dr. Robins commented upon President Truman's speech in which he declared all meat price ceilings junked.

"Thought it is national emergency, the President of the United States deemed it advisable to consider this problem solely from a political angle," Dr. Robins asserted.

Blames Willful Few

"He chose to blame a willful few who he claims are attempting to undermine our economy. I always thought that it took a majority of the votes to bring about the actions of congress."

"I just wonder if he could have been entirely sincere."

Second speaker of the evening was Alton B. Jones, GOP nominee for state superintendent of public instruction, who termed the Idaho education problem "one of the biggest we have" and declared that the present educational set-up "does not look as good as it should."

## County Needs 500 Pickers In Spud Jobs

Five hundred potato pickers are still needed in Twin Falls county, A. J. Meeks, manager of the Twin Falls office of the U. S. employment service, declared Tuesday as requests for laborers swarmed into his office.

Meeks said that 200 potato pickers are needed on jobs in which no board and room facilities are available.

C. J. Bellwood, assistant farm labor supervisor, said that the turnout of school children at Bulli had been "excellent" and urged youngsters not to quit as soon as one field is finished.

Meeks pointed out that the labor situation depends on the weather. He said that with continued good weather they should be needed for several weeks, however, if the weather turned bad that many crops will be left in the fields.

Labor demand in Magic Valley totaled 1945 jobs, the highest in the state, according to reports received here from the state office of the U. S. employment service.

The state office noted that the potato and beet harvest is hampered by a shortage of workers and that the adequacy of labor supply in Twin Falls is dependent on housing for transient workers.

Meeks reported that there are hundreds of idle workers in the midwest and east but that there is no way of locating them if they should come to Twin Falls.

## Nora Cochran, 76, Twin Falls, Dies

Mrs. Nora Cochran, 76, 871 Main avenue east, died at 7 p. m. Monday at Twin Falls county general hospital.

She was born in Scottsdale, Pa., Aug. 20, 1870, and had been a resident of Idaho for 40 years. She was a member of the Twin Falls Seventh Day Adventist church. Her husband, Jim Cochran, preceded her in death May 10, 1927.

Funeral arrangements are pending word from two surviving sisters in Pennsylvania. The body rests at Twin Falls mortuary.

## Red Cross to Pick Drive Chairman

That the spring membership drive chairman will be named soon was announced following the meeting here Monday night of the board of directors of the Twin Falls American Red Cross chapter.

Religion of one of the directors, the Rev. James W. Brown, Piler Baptist minister, was accepted. A successor will be announced when the board meets again in November. The Rev. Mr. Brown gave "pressing business matters" as the reason for his request to resign.

## Permits Asked on Garage, Bedroom

Two more building permit applications have been filed at the office of the Twin Falls city clerk.

E. Gregory plans construction of an \$800 frame garage at 409 Canyon view, according to his application. Size of the structure will be 24 by 24 feet.

Permit to add a 14 by 12 bedroom to a frame dwelling, now 12 by 24 feet, located at 525 Washington north, was asked by James Horne. Cost of construction and the excavation of a basement beneath the addition is estimated at \$800.

Cotton, the chief crop of Egypt, today was not introduced into the country until 1821.

## Army Tops Nation's Grid Poll; Texas Drops to Third

By SID FEDER

NEW YORK, Oct. 15 (AP)—Some GIs may be bothered with a housing problem, but army's football forces took a trip out to Michigan over the weekend and signed new letters on the future room of the nation's collegiate football.

And while Col. Earl Blaik's black halibut of the Hudson were returning to the head of the parade from which they were ousted, the honor-symposium was defunctly ended for the Texas Longhorns.

Quitting last week, the nation's sports writers, bailing in the Associated Press weekly poll on the rankings of the country's football teams, not only put Blanchard, Davis & company, back on their old stand, but dropped Texas all the way to third, behind the Irish of Notre Dame.

Altogether, 139 writers named their choices for the leading team in the country after last week-end's scramble, and 63 of them showed, by their first-place nominations, that Army could come home now—all 11, however. Based on a point-ranking system of 10 points for a first place ballot, 9 for a second, 8 for a third, and so on, Army piled up 1,267 points in the voting as a result of its 20-13 win over Michigan at Ann Arbor last Saturday.

The 43 first place ballots were nearly three times as many as the votes collected a week ago, while Texas' total dropped off by almost half. This time the Longhorns were given 38 votes for the top spot, while they drew more than Notre Dame 21 for the No. 1 position, the Irish rolled up a huge second-place ballot, 315 to 31 for Texas—to take second honors for the week. Apparently the boys figured the way the Irish pointed Purdue, 49-0, was a considerably larger job of work than the Longhorns' 20-13 decision over Oklahoma.

As a result, Notre Dame rolled up 139 points against 1,170 for the Longhorns.

Not did the defeat by Army have too much effect on the voters, because the Wolverines, fourth last week, fell only one notch to fifth, in spite of the setback. Skipping up to the thus vacated fourth spot in the chorus were the Bruins of University of California at Los Angeles, who sank Stanford, 26-6, for their third straight win.

Ye Olde Sport scribbler hopes that the followers of the Bruins will not be led astray by the team's flashy backs in giving credit where credit belongs. "The line should have its share, too."

A team must have a good line to play a "T" formation. The line must open holes with minute precision without the help from the backs allowed in other formations, which throw a large part of the team's weight on a given spot.

So when you see a Bruin back scrambling away to sizable gains remember there was a line back there that made that possible.

Followers of the gridiron game pay too little attention to the line. All they see are the backs.

For instance, if it had not been for the hands-up play of Drexel Williams how many touchdowns would you think the Bruins would have scored in the Calvallen game? Just ten.

Livingston, who plays the game for keeps, scored one touchdown by breaking through and snatching the ball out of a Calvallen power's hands, and set up two more by reviving fumbles deep in the Cougar territory.

AND THAT'S THAT FOR NOW, except Coach Holt of Calvallen rates the Bruin line as better than the Bruins'.

However, the Pocatello coaches say it is just one.

## AREA GRID GAMES CUT TO FIVE

### Phelan Wants Change Made In Grid Rules

SAN FRANCISCO, Oct. 15 (AP)—Head Coach James Phelan of the University of California at Los Angeles said he has written a letter to the National Football Association to offer these suggested revisions:

1. Station the umpire on the offensive side of play, along with the referee.
2. Provide means to show the huddle time limit to seconds on the automatic stadium clock for the benefit of the spectators as well as the players.
3. Reduce the time limit in the huddle from 25 to 20 seconds.

Phelan made the suggestions at the weekly football news meeting.

At the same meeting Coach March Schwartz of Stanford pointed out the University of California at Los Angeles as "the Rose bowl team" next New Year's day.

Phelan was delivered from first hand observation. His team lost to UCLA last week and to Stanford this week.

"U. C. L. A. is the second best team I have seen in the west," Schwartz declared. "I think our championship Stanford team of 1939 was a bit better."

This U. C. L. A. team is great. It has spirit, speed and power. The line is as fast as the backfield. Its offense is terrific. On defense it has four unusually fine ends, excellent guards and a line backing center who is tops. We could handle their tackle."

### Albion Normal to Oppose UIBS Team Here Nov. 2

Gene Cooper's Albion Normal gridiron eleven, composed principally of former Magic Valley high school stars, will oppose the University of Idaho southern branch team at 2 p.m., Saturday, Nov. 2, Douglas B. Albion, sponsor, announced last night. Bean said that he expects football lovers from every part of the Magic Valley to witness the contest.

Albion, which scored a victory over a previously unbeaten Dixie college team from St. George, Utah, will give the Normal boys two try-outs against our defense, has announced the places and dates for four other games.

This Friday night Albion will oppose Utah State's B team under the lights at Rupert. On Nov. 9, Albion will play the University of Idaho at the stadium clock for the benefit of the spectators as well as the players.

Phelan made the suggestions at the weekly football news meeting.

At the same meeting Coach March Schwartz of Stanford pointed out the University of California at Los Angeles as "the Rose bowl team" next New Year's day.

Phelan was delivered from first hand observation. His team lost to UCLA last week and to Stanford this week.

### Bruin Rifle Club Organized; Robert Drexler Is President

A group of 51 Twin Falls high school boys has been rallied to form a rifle club. Kenneth E. Kull, high school vice-president and club sponsor, announced Monday. Officers elected were Robert Drexler, president; Arnold Johnson, vice-president; Bill Nelson, executive officer; Dick Davis, treasurer, and Robert Parke, secretary.

Having already submitted an application to the national rifle association for certification as a Junior NRA rifle club, the group will be taught by Joe L. Roberts, qualified local instructor.

When the boys have had one lesson per week for six weeks in marksmanship, they will be qualified to compete with other clubs, Roberts said Monday.

Until the high school rifle range, now under construction beneath Lincoln stadium's bleachers is completed, the pupils, 32 of whom own rifles, will shoot in the Twin Falls rifle and pistol club gallery in the basement of the labor temple, Kull declared.

### Area Players in C. of I. Triumph

CALDWELL, Oct. 15.—Among the College of Idaho players who shared in the school's spectacular triumph over Whitman college Saturday were Warren and Dave Barry, Twin Falls, and Chuck Thompson, Jerome.

Warren Barry, a 190-pounder, started the game at guard. Dave Barry and Thompson entered the game as reserves.

This year's eleven is regarded as one of the strongest in Idaho college history.

## ON THE SPORT FRONT

Ye Olde Sport scribbler hopes that the followers of the Bruins will not be led astray by the team's flashy backs in giving credit where credit belongs. "The line should have its share, too."

A team must have a good line to play a "T" formation. The line must open holes with minute precision without the help from the backs allowed in other formations, which throw a large part of the team's weight on a given spot.

So when you see a Bruin back scrambling away to sizable gains remember there was a line back there that made that possible.

Followers of the gridiron game pay too little attention to the line. All they see are the backs.

For instance, if it had not been for the hands-up play of Drexel Williams how many touchdowns would you think the Bruins would have scored in the Calvallen game? Just ten.

Livingston, who plays the game for keeps, scored one touchdown by breaking through and snatching the ball out of a Calvallen power's hands, and set up two more by reviving fumbles deep in the Cougar territory.

AND THAT'S THAT FOR NOW, except Coach Holt of Calvallen rates the Bruin line as better than the Bruins'.

However, the Pocatello coaches say it is just one.

## Eddie Purves to Coach Strong Outlaw Quintet

The strongest outlaw basketball team ever to represent Twin Falls is in the process of formation with Eddie Purves, once one of Boise's great cagers, as coach and manager. It was learned last night. The team will play in the new independent league to be organized at Burley Nov. 15 and also engage Utah State university, University of Idaho southern branch, the All-American Redheads and Harlem Globe-Trotters in contests set for the Twin Falls high school gymnasium this winter.

The team, which will be under the sponsorship of the Self Manufacturing company, will also play part of its contests at the Prier gymnasium.

The following players already have been signed: Ray Wells, University of Rochester; Rex Wells, University of Michigan; Johnny Wells, Quantico marines.

Mel Hultbert, Princeton; Maury Harrell, Wayne Turner, Ted and Otto Florence and Johnny Driss, stars on local high school teams; Junior Schnell, one of Prier high's greatest players, and Keith Elliott, who starred at Oakley high.

Three members of this season's Cowboy basketball team, Buddy Hestel, Hal Lewis and Bill Wickett, who were stars in high school, and navy basketball, also will be members of the squad.

Purves expects to call practice sessions within the next two weeks.

## Bucky Harris to Be Yanks' Pilot?

CHICAGO, Oct. 15 (AP)—The Chicago Daily News, in a dispatch from St. Louis, said last night that "it was learned from an authoritative source" Stanley "Bucky" Harris, former Washington, Detroit and Boston manager would pilot the Yankees next season.

The dispatch said that the Yankee delegation—headed by President Larry MacPhail—was to meet at French Lick Springs, Ind., immediately after the world series where final plans will be drawn.

The story, without revealing its source, added:

"It is believed, too, that George Weiss, for years the Yank farm director, will never his connections. Billy Meyer, for years a manager in the New York farm system, is slated for a different post."

## 24 STRAIGHT VICTORIES

NEWARK, Del., Oct. 15 (AP)—Tilman University of Delaware shaved into obscurity by such gridiron greats as Army, Texas and Notre Dame, boasts one of the best football records in the country—24 straight games without defeat.

Two six-man battles are on the agenda. Coach John Reagan's unbeaten Fairfield Makers will entertain Richfield, while Bliss will play at Bellevue.

Brains in Nampa

The curtain has been rung down on all Big Seven conference games. Until the end of the harvest vacation, giving the area no class A battles. The Twin Falls Bruins, only twice in the history of the school, will journey in Nampa to meet the Bulldogs in a Big Six contest.

## Buhl Women End Clear Lakes Play

Buhl, Oct. 15.—Mrs. Lillian Fletcher, Gooding, and Mrs. Ann Robinson, Jerome, were the winners of the approaching contest the Buhl Ladies' Golf association season at the Clear Lakes country club.

Mrs. Helen Pritchard, former state golf champion, and Mrs. Selma Tinsley were the Buhl winners.

The Jerome and Gooding golfers were the guests of the Buhl club. Dinner was served in the clubhouse under the direction of Mrs. Edith Pickett and Mrs. Rose Alquist.

## Film Magnate Wants to Buy Cardinal Club

ST. LOUIS, Oct. 15 (AP)—At least two prospective bidders reportedly have been making closely-guarded contacts with owner John S. Braden to purchase the Cardinals. Editor J. G. Taylor Spink of the Sporting News said in a copyrighted article today.

One of the two possible purchasers, said Spink, is a group headed by Mark C. Steinberg, St. Louis investment broker and a director of the Cardinals club for many years. The other is Louis H. Mayer, Hollywood film magnate.

Mayer plans to move the club to Los Angeles if successful.

## Outlaw League To Be Formed at Burley Nov. 15

BURLEY, Oct. 15.—A meeting to organize a strong outlaw basketball team, which will show the Magic Valley's greatest cagers, will be held in Burley Nov. 15.

It is understood that a six or eight-team league will be organized.

The call for the meeting was made by Palmer J. Saterstrom, chairman of the committee in charge of the Lions club team here.

# Dreft

## Gets Dishes so Clean they **SHINE**

*— even without wiping!*

**LOOK!...5 times more  
Suds than any Soap  
in Hardest Water!**

SEE THE PROOF! Until Dreft came along no suds in the world could give such abundant suds — in hardest, coldest water. Dreft gives rich suds even in ice water!

**LIKE JEWELS!...that's  
how Glasses Sparkle  
..Towel or No Towel!**

IT'S A FACT! Dreft is different from any soap or soap flakes you ever used. Dreft suds rinse clean — can't leave any greasy streaks the way all soaps do.

**PRESTO!...Grease just  
seems to Melt away...  
No Hard Rubbing!**

YOU'LL MARVEL... at the amazing way Dreft gets rid of grease. It just seems to melt away before your eyes. Even the dishwasher foams clean!

**WOMEN EVERYWHERE KNOW DREFT IS MILDER!**  
Women who use Dreft regularly for their nylons and pretty lingerie know how mild Dreft is to delicate colors. It's as non-alkaline as pure drinking water. Dreft is —

**KIND TO YOUR HANDS!**  
Now try Dreft in your dishpan. See your dishes come so clean they shine — even without wiping. Get Dreft tomorrow!
